MASSACHUSETTS

Dear Sir,

Thank-you for your report of our station's reception on the morning of the 17th instant. Your report from 4:32 to 4:46am of that date corresponds with our log.

At that time we were doing a test programme and I know that the announcer, operator and engineer doing the programme will be very glad to know of your report which is being passed along to them.

I too, was very interested in receiving your report as I lived in your vicinity for three years (1937 to 1940) during which time I served as production manager, programme director and organist of your neighbouring station, WLAW. Consequently, receiving your report was almost like a letter from home.

Wishing you excellent D-Xing in the future, I remain,

Sincerely yours,

RADIO STATION CKSF
